

Task 46, Erosion of Wind Turbine Blades

Public webinar 4th December 2023 at 15:00 to 16:00 CET

Agenda

15:00 Introduction to IEA task 46, Charlotte Hasager, Operating Agent, DTU

15:10 Erosion mechanism and material properties, Fernando Sánchez, WP5-leader, Universidad Ceu-Cardenal Herrera

15:20 Laboratory testing of erosion, Nicolai Frost-Jensen Johansen, WP4-leader, DTU

15:30 Wind turbine operation with erosion, David C. Maniaci, WP3-leader, Sandia National Laboratory

15:40 Atmospheric measurements for leading edge erosion (LEE) estimation, Sara Pryor, WP2-leader, Cornell University

15:50 Q&A

16:00 End of webinar
